

What's Glory Days Bikes Experiences cancellation policy?

Standard cancellation policy

For a full refund, cancel at least 7 days before the experience is scheduled to start or within 24 hours of purchase.

Rescheduling

You can reschedule the date or time of your experience (or add or remove guests) within 24 hours of booking, and up to 72 hours before the experience is scheduled to start.

If you reschedule an experience, the cancellation policy is based on the original purchase time and original start date of the experience.

Cancellations due to weather

If the weather creates a safety concern, either before or during the experience, the host may cancel the experience. If this happens, you will be fully refunded.
